Processor	500 MHz Pentium III	As network server
Memory	256 Mb	128 Mb

- **How Can I Tell If My Computer Meets The Minimum Specifications?**

If you are in any doubt about the capability of your system to run RM Math Framework Edition, an automated **Health Check** test is available from the RM Support Site at http://kaleidos.rm.com/support. The Health Check tells you whether your system is capable of running Kaleidos (the key planning and database software application for RM Math Framework Edition) and if not, why not.

- **Who Do I Contact If I Have Any Further Questions?**

Please do not hesitate to contact our Technical Support Team at 1-866-728-6758 if you have any questions or require further information about any of the products or services provided by RM Educational Software.
