

April 5, 2019

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2018-19 educational progress for Malcolm Williams School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact [Denise Lycos](#) for assistance.

The AER is available for you to review electronically by visiting the following web site www.inghamisd.org or you may review a copy from the Principal's office at your child's school.

Malcolm Williams School serves the youth who have been placed in residential care at Highfields, Inc. in Onondaga, MI. The student's length of stay can be from 30 days up to a year with the average student there for four to six months. Our program provides a high degree of structure and support to meet both academic and social emotional needs. The programs provide a high ratio of staff to students, and an academic curriculum that is self-paced, providing the flexibility for students to work at their own pace while also meeting the State standards. Curriculum is reviewed annually with improvements and modifications made as needed.

State law requires that we also report additional information:

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Malcolm Williams School provides the educational program for court adjudicated male youth between 13 and 18 years of age in residential care at Highfields, Inc. Students are either placed through the Department of Human Services or through county court systems. Upon completion of their program, students return to their respective communities and local school districts. Students who reside at Highfields attend the Malcolm Williams School.

2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

School Improvement efforts during this year focused on the continued development of academic and behavior intervention strategies designed to maximize school success.

- All students will increase their proficiencies in the core content areas of Math, English Language Arts, Science and Social Studies.
- All high school students will progress toward meeting criteria for a high school diploma under the Michigan Merit Curriculum standards.
-

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

During the 2018-19 school year, Malcolm Williams School operated two classrooms. Middle school students were provided with courses in Pre-algebra, Earth Science, English, US History and two elective classes. Offerings for high school students included English, Algebra, Geometry, Biology, Earth Science, US History, World History, Health, Physical Education and Current Events. In addition, students who needed additional courses had the opportunity to take online course for high school credit.

4. CORE CURRICULUM

The curriculum content for our high school courses is based on the Common Core Standards for English and Math and Michigan High School Content Standards (HSCE) for Science and Social Studies. The content for middle school courses is based on the Common Core Standards for English and Math, as well as the Michigan Grade Level Content Expectations (GLCE).

The two teachers provide a departmentalized program with each teacher providing instruction in their specialty area (highly qualified). The method of delivery may vary based on a student's learning style and present level of educational performance as identified through a review of

previous school records and achievement testing upon entry to the program. In addition, students who are eligible for special education are working on their individual goals as identified in their IEP. The curriculum guide is available from the Principal. A support system is in place which provides assistance to students in attaining goals that are in the affective domain.

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS
See attached documents.

6. PARENT-TEACHER CONFERENCES
Parent-Teacher Conferences were held with options for parents to meet with the teachers in person or via phone/email. There were 71 percent of parents that participated in these conferences via telephone. MWS teachers and residential staff have opportunities daily to discuss student progress. In addition, MWS teachers represent the school on weekly treatment teams where one of the items discussed is the student's school progress.

7. POST-SECONDARY INFORMATION
 - a. There were zero students who participated in dual enrollment.
 - b. There were zero college equivalent courses offered (AP/IB)

Ingham ISD is pleased to have the opportunity to work with Highfields, Inc. to serve the students who are in their care and look forward to continued educational success for the students.

Sincerely,

Denise Lycos, Principal
Malcolm Williams School
