

ASD Programs 2022-23 Annual Education Report

February 11, 2022

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2018-19 educational progress for the Ingham Administrative Unit (Programs for students with ASD). The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Greg Molenda at 517.244.1247 for assistance.

The AER is available for you to review electronically by visiting [Ingham ISD](http://www.inghamisd.org) (www.inghamisd.org), or you may review a copy in the main office at your child's school.

For the 2018-19 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

Due to the low number of students (<12 students total) in the ASD Program, the data in the combined report regarding student achievement is not reportable as it would compromise student confidentiality. The ASD Program consists of two classrooms for students in preschool through fifth grade with no more than seven students in each classroom with specially trained teachers. The students served in the ASD program have an educational eligibility of Autism. The program provides a high level of structure and support centered on evidence-based practices to meet academic, communication and social emotional needs for students with Autism.

State law requires that we also report additional information. <TO HAVE THIS LETTER MEET THE STATE REQUIREMENTS, EACH SCHOOL SHOULD PROVIDE A REPORT FOR THE **TWO MOST RECENT YEARS** ON THE FOLLOWING:

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

The program works with Ingham County school districts to provide evidence-based services to students, as determined through the Individual Education Plan (IEP) process. We do not enroll students independent of local involvement. If an individual is interested in the program we provide, their first contact should be with the special education director in their local school district.

2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

Our school improvement plan contains the following goals:

- **Communication:** Students will increase their interactive communication skills through the utilization of visual supports.
- **Integration with Typical Peers:** Students in the ASD program will increase the time they spend with neuro-typical peers in any educational setting.
- **Independence:** Students will increase their dependency on systems and decrease their dependency on adults.

The aforementioned goals are aligned to the curriculum and also support our mission, vision and beliefs:

- **Vision Statement:** It is the vision of the programs for students with ASD to provide the quality programming necessary to improve outcomes for students with autism spectrum disorder.
- **Mission Statement:** The ASD program staff has a mission to provide students with autism the necessary skills to increase independence, socialization and communication to their maximum potential.
- **Beliefs Statement:** The ASD program staff believe that all children with autism spectrum disorder will improve their communication, socialization and independence skills when taught using evidence-based practices.

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

The ASD Program consists of two classrooms for students in preschool through fifth grade with no more than seven students in each classroom. The classrooms are located within local district elementary buildings which provides the opportunity to integrate students with non-disabled peers. The students served in the ASD program have an educational eligibility of Autism. The program provides a high level of structure and support centered on evidence-based practices to meet academic, communication and social emotional needs for students with Autism. The programs provide a high ratio of staff to students and an academic curriculum that is individualized while also meeting the State standards. Curriculum is reviewed annually, and improvements and modifications are made as needed.

The program for students with Autism Spectrum Disorder continues to strive to provide evidence-based practices that encompass socialization and independence skills. The program's teachers are highly trained and skilled at providing the best educational experience possible to help the students learn the necessary skills to become productive and independent citizens in their communities.

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION, AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

The core curriculum can be accessed through your student's teacher or by contacting Greg Molenda at 517.244.1247. Additionally, please visit [Common Core State Standards Initiative](http://www.corestandards.org) (www.corestandards.org).

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS
Due to the low number of students (<12 students total) in the ASD Program, the data regarding student achievement is not reportable as it would compromise student confidentiality.

6. IDENTIFY THE NUMBER AND PERCENT OF STUDENTS REPRESENTED BY PARENTS AT PARENT-TEACHER CONFERENCES

One hundred percent of our 11 students were represented by parents at Parent-Teacher conferences either at the school or outside of school over the last two school years. We value parental input and make every effort to meet parents at the most convenient location possible.

Ingham ISD is pleased to have the opportunity to work with our constituent districts to serve students and look forward to continued growth and educational success.

Sincerely,

Greg Molenda
Director, Technical Assistance and ASD Programs

The National Assessment of Educational Progress (NAEP) is periodically administered by the U.S. Department of Education based on assessments administered to samples of students in each state. Federal regulations require the display of state level NAEP data on the Annual Education Report. These data represent the performance of the most recent sample of Michigan students on the NAEP.
