Ingham ISD's Andrew Shauver Receives 2020 MACUL Innovative Leader Award

Andrew Shauver, Instructional Technology Consultant, with Ingham Intermediate School District (Ingham ISD) has received the 2020 Michigan Association for Computer Users in Learning (MACUL) Innovative Leader Award. Shauver was presented with the award during the Annual MACUL Conference held March 11-13 in Grand Rapids.

The awards recognize and honor MACUL members who have demonstrated outstanding achievement in the use of technology to improve education. In addition to being recognized at the MACUL conference, award winners will receive gifts on behalf of several technology companies including MACUL, REMCAM and Michigan Virtual.

Shauver's nomination included documentation of his support for effective tech-rich teaching and learning as well as his use of innovative technology to lead the work. Shauver works with the districts of Danville, Holt and Waverly sharing his techniques and philosophies for instructional coaching at the classroom level.

"Andrew brings a solution oriented focus and positive energy to every interaction," notes Mike Lilly, Director of Information Technology Services at Ingham ISD. "His desire to help teachers find new ways to reach kids and engage at deeper levels through the use of technology and well natured creativity is key to helping spark innovation across every classroom he reaches," Lilly also noted.

Ingham Intermediate School District offers programs and services to staff and students in the districts of Dansville, East Lansing, Haslett, Holt, Leslie, Mason, Okemos, Stockbridge, Waverly, Webberville and Williamston. For more information, visit our website at www.inghamisd.org.
